Enhanced dental benefits for those who need them most

A variety of medical conditions have oral-health implications. Your group dental coverage includes Delta Dental of Wisconsin's Evidence-Based Integrated Care Plan (EBICP), which provides additional cleaning(s) and/or fluoride treatments to people with these conditions. Enhanced benefits can play an important role in the management of certain medical conditions.

If you or an individual on your plan have one or more of these conditions you can enroll online. Once you enroll, you are immediately eligible for EBICP benefits.

How to enroll

- Go to deltadentalwi.com.
- Click on the "I Am A ... Member" link.
- Sign in to the Member Connection using your member ID and password. If you don't have a member ID and password you'll need to establish one before you proceed.
- Click on the "Enhanced Benefits" tab at the top of the Member Connection home page. Note: If your plan does not have EBICP, the "Enhanced Benefits" tab will not appear on your Member Connection page.
- On the "Enhanced Benefits" page, choose the member(s) receiving the enhanced benefits and the qualifying health condition(s).
- Once enrolled the registered member(s) will be immediately eligible for the enhanced benefits.

<i>This chart provides a brief summary of additional benefits to persons enrolled in EBICP. Go to deltadentalwi.com and look under "Your Health" for details regarding medical conditions and additional benefits offered. Frequency limitations may apply. Refer to your handbook or call our Benefit Center at 800-236-3712.</i>		

* Periodontal cleanings may fall under basic services and may not be covered 100% by the EBICP plan. If you have questions regarding coverage for periodontal cleanings, please contact the Benefit Center at 800-236-3712 before services are performed.

CheckUp Plus™

At Delta Dental, we believe preventive care is so important, we practically give it away!

Our CheckUp Plus™ plan option allows enrollees to get diagnostic and preventive dental services without those costs getting applied to the individual annual maximum. Preventive care saves money over the long-term by reducing the need for more expensive services.

The charts show the impact of CheckUp Plus™ on an enrollee's individual annual maximum compared to a traditional plan. (Plan benefit and dentist charges vary. Example assumes two routine check-ups, covered at 100%, and a \$1,000 annual maximum.)

CheckUp Plus™		
Delta Dental Pays	Enrollee Pays	Maximum Remaining
\$300	\$0	\$1,000

Traditional Dental Plan		
Delta Dental Pays	Enrollee Pays	Maximum Remaining
\$300	\$0	\$700

CheckUp Plus™ lets you keep your annual maximum for the things you need, not the things you deserve.

NOTE: CheckUp Plus™ cannot be added to plans offering Maximum Benefit Bonus
